III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.

2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.

3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.

4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: http://inside.fei.org/.

2. The Participants knowingly and freely assume all such risks, both known and unknown, even if arising from the negligence of the OC or others, and assume full responsibility for their participation; and,

3. The Participants willingly agree to comply with the stated and customary terms and conditions for participation as regards protection against infectious diseases. It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

2.1.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

4. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

5. STEWARDING

- If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

10. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must provide the following percentages of additional prize money for every ten declared starters, up to 120 declared starters:

- 101 to 110 declared starters: the OC must provide 133% of the original Competition prize money, which is to be distributed among the 16 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.
- 111 to 120 declared starters: the OC must provide 166% of the original Competition prize money, which is to be distributed among the 20 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

If more than 120 starters are declared, the OC must split the Competition into two groups and provide 200% of the original Competition prize money which is to be divided equally between the two groups. The additional prize money provided by the OC is not taken into consideration with

regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have two groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters, that determines whether the Competition must be split.

If there are more than 200 declared starters, the OC must split the Competition into three groups and provide the same percentages of additional prize money as indicated above (100% of original Competition prize money to be provided for each of the three groups if each group has 100 or fewer starters; 133% of original prize money to be provided for each group if any of the three groups has 101-110 starters; 166% of original prize money to be provided for each if any of the three groups has 111-120 starters).

[3] For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ competitions, the minimum prize money requirements indicated above for the Grand Prix apply only to the FEI World Cup™ Competition as it has the status of a Grand Prix; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition. Refer to the FEI Jumping World Cup™ rules for details relating to date of implementation of this rule at CSI-W Events.
